

SORAYA BARNETT

T E A C H E R

To Whom It May Concern:

I'm excited to embark on this journey of educating the young minds entering the classroom. My goal is not only to make a difference in the classroom but also to impact the world positively for both my students and their parents. I firmly believe that it's possible to teach the curriculum while enjoying the process. Learning can be a joyous experience, and I look forward to creating an environment where education is both meaningful and fun. Together, we can explore, discover, and grow, making lasting memories along the way.

During my time as a student teacher, I gained invaluable insights and experiences that shaped my perspective on education. I learned the importance of being exceptionally organized and adept at multitasking, which allowed me to manage various responsibilities effectively. I also had the opportunity to showcase not only my artistic skills but also the creativity of my students, creating an environment where their work was celebrated and appreciated.

Building strong relationships with parents was another crucial aspect of my role. I conducted meetings to keep them informed about their children's progress, especially during challenging times, ensuring they felt supported and involved. This connection helped foster a sense of community and collaboration.

Overall, my student teaching experience has fueled my desire to grow as an educator. I am committed to continually learning and gaining deeper insights into teaching, aiming to provide the best possible support for my students.

Enclosed you will find my resume, which further details my skills, experience, and qualifications. I look forward to further discussing with you how I can contribute to the goals of your organization. Please contact me at your earliest convenience.

Sincerely,

Soraya Barnett

PROFILE SUMMARY

As an educator, I strive to create a nurturing and inclusive environment where students feel empowered to explore their potential and learn from their mistakes. By fostering a growth mindset, I encourage students to view challenges as opportunities for growth and to celebrate their progress, no matter how small. My goal is to inspire curiosity, critical thinking, and a lifelong love of learning, equipping my students with the skills they need to succeed both academically and personally, showcasing their accomplishments, while also teaching them the value of embracing imperfection.
