

Dear Hattie B. BWIP board members,

I am excited to apply for the Second-Year Internship position with the Girls Confidence Camp program. After completing my previous years I am eager to return and help contribute to the campers experience. My previous experience with the program has definitely strengthened my love for working with children and I would love to continue to ensure a welcoming environment for everyone. I am ready to take on greater responsibility by helping lead activities and mentoring first-year interns. I am confident in my ability to contribute as a leader while continuing to create a meaningful and empowering experience for campers. Thank you for your time and consideration.

Sincerely,

Meena Mendez-Stark
